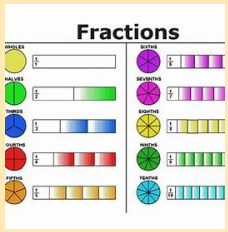
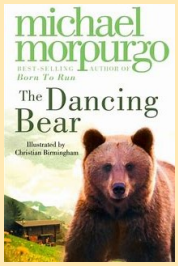
Summer 2

Dear Families,

Welcome back to the final half term. We hope you have had an enjoyable holiday with your families, and that the children are ready for their final stretch of learning in this busy half term.

In **Math**, the children are developing their fraction knowledge by exploring non-unit fractions and how to find quantities of them. They will also explore how fractions are seen as numbers and compare fractions based on size, building on knowledge taught in Summer 1.





In **Reading**, the children are continuing to read 'The dancing bear' where we will discover what happens to Bruno the bear and his caring friend Roxanne. The children will be using retrieval, inference and prediction skills throughout these lessons.

In **Writing**, the children will explore dialogue and how to write it into a narrative between characters. They will use practice from lessons to create their own narratives. We will also explore instructional Writing, ensuring that the steps in our 'ingredients for success' are followed.

Within the wider curriculum, the children will learn about Asia: India and China in **Geography**, the War of the Roses in **History** and Forces and magnets in **Science**.

Career Related Learning - The Wonderful World of Work

We are continuing to look at how the lessons and skills we teach children in school link to jobs in the future. This half term, we are focusing on jobs that use English/Literacy. BBC Bitesize - Jobs that use English and Drama have a wide range of job profiles - from an emergency call handler to a social worker to a chocolate maker.
