

Year 6 Newsletter

Autumn 1
2025

Raleigh Infant and
Admirals Academies

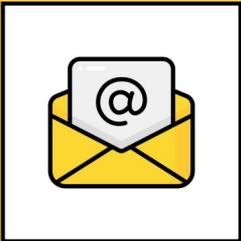

Welcome

Dear families of our Year 6 children.

We hope that you have had an enjoyable summer and are looking forward to the autumn term.

This half term, we will be covering a range of subjects —some of which are outlined below.

From the Year 6 team

Important Dates

W/C Monday 22nd September:

- Y6 Assessment week

Thurs 25 September:

- Y6 National Manufacturing Day

Wednesday 1st October:

- Parents' evening 1

Thursday 2nd October:

- Individual photographs
- Parents' evening 2

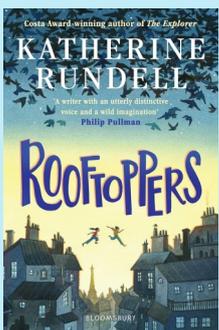

Half Term

Monday 27th October– Friday 31st October

English

Writing:

In our writing lessons, Year 6 children will be focusing on practising and revising key spelling and grammar they are expected to understand and use in their year group. For example, children will be writing autobiographies where they will practise identifying and using different word classes and clauses in their sentences.

Reading:

In our reading lessons, Year 6 children will be reading a book called 'Rooftoppers', by Katherine Rundall. We will be practising the key reading skills, for example ordering different statements about a text, inferring information about a character's actions and drawing evidence to back up a point.

More information can be found online at www.raleighinfant.co.uk

? ? ? ? ?

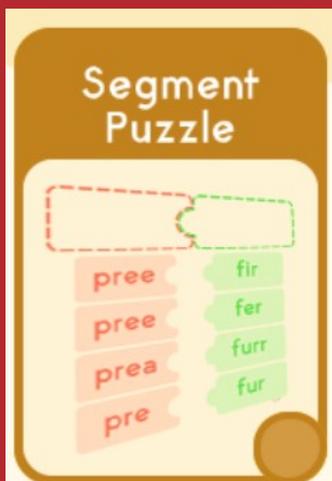

Mathematics

This term, children will be practising and refining their mathematical skills and applying them to a range of reasoning questions.. For example, we will be revising how to calculate missing values in context. If your child is struggling, please ensure they practise at home, using resources such as their Maths Revision Guide and any useful videos or step-by-step guidance websites. Many help pages can be found on BBC Bitesize for maths and other subjects as well.

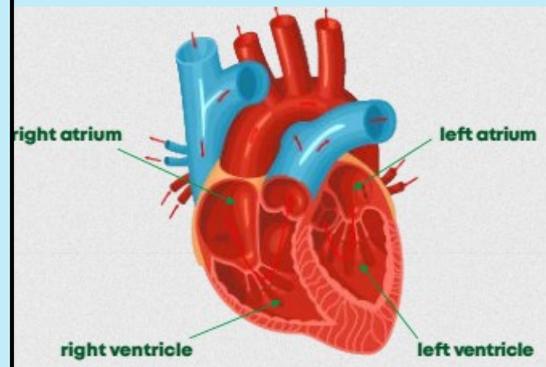

Homework:

Spelling Frame

Part of your child's weekly homework is to log onto Spelling Frame. Their login information will be glued into their green homework books. Your child's teachers set your child word groups to practise and there are games and activities for your child to complete each week. Please ask if your child can't find their username or password.

Geography

In Science we will be learning about the human body with a particular focus on the circulatory system. We will take a close look at the function of the heart and how it works with other organs in the body.

Life Skills

In PSHE this term, we will be focusing on; identifying goals for the year, global citizenship, children's universal rights, feeling welcome and valued, choices, consequences and rewards, group dynamics, democracy, having a voice, anti-social behaviour and role-modelling.
